3.2 Dividend by way of distribution out of reserves from capital contributions

Background:

According to article 13 paragraph 6 of the Articles of Association of EFG International AG, a preferred dividend pertaining to the participation certificates of class B shall be made before any other dividend payment. Upon approval of the Board of Directors' proposal under agenda item 2, the holders of the participation certificates' entitlement to a preferred dividend lapses according to article 13 of the Articles of Association of EFG International AG. Therefore, the following proposal of the Board of Directors concerning a dividend by way of distribution out of reserves from capital contributions is subject to the condition that the proposal under agenda item 2 is being approved by the Annual General Meeting.

The Board of Directors proposes a dividend to the shareholders by way of distribution out of reserves from capital contributions. The Board of Directors proposes the distribution of CHF 0.25 per registered share out of reserves from capital contributions. Such distribution charged to the reserves from capital contributions would not be subject to 35 % Swiss Withholding Tax. EFG International AG will not make this repayment of reserves from capital contributions on registered shares held in treasury at the time of distribution.

Provided that the Board of Directors' below proposal on a dividend by way of distribution out of reserves from capital contributions is approved, the distribution will be made on 5 May 2017 (ex-dividend date: 3 May 2017).

Proposal of the Board of Directors:

Subject to the condition that the proposal under agenda item 2 is being approved: Approval of a dividend by way of distribution to the shareholders out of reserves from capital contributions of CHF 0.25 per share, amounting to a total distribution of about CHF 72 million (depending on the number of shares issued as of the last trading day with entitlement to receive the dividend).
